

Make Your Move

Moving is very stressful! Trust me, I know! We just moved! We only moved from Claremore to Owasso, about 20 minutes from the old house, but we had to pack as if we were moving across the world! Everything had to come out of the old house. Everything had to be inspected and a decision made; move, toss, or give away! After 13 years in the same house there were a lot of decisions to make! A lot of junk was tossed and a lot of stuff was given away!

Then I realized this is what we have to do in our spiritual life to “move” on with God!

Evodie and Azadia ~ A couple of cuties rescued by your donations.

This move has inspired me to take another look at my own actions and see where I can improve Life Link. What is there in my life that I can “toss”? Little things that take my time from what is truly important. Procrastination, prioritization issues, etc...

These are the decisions we all face. We need to eliminate those things that keep us from our goal of rescuing children from death and disease.

Let’s “move” from the state of being complacent to the position of action! It is so easy read the stories about the different children and then put down the newsletter and go write that check or get on line and donate while we can still feel the urging in our spirits to help this child, this orphanage, this work that Life Link is doing!

Life Link is moving onward and upward! There are many more children around the world who need not only a bed and a meal, but they also need the loving family created by a

Life Link home, and to hear the message that Jesus loves them. These children need a future!

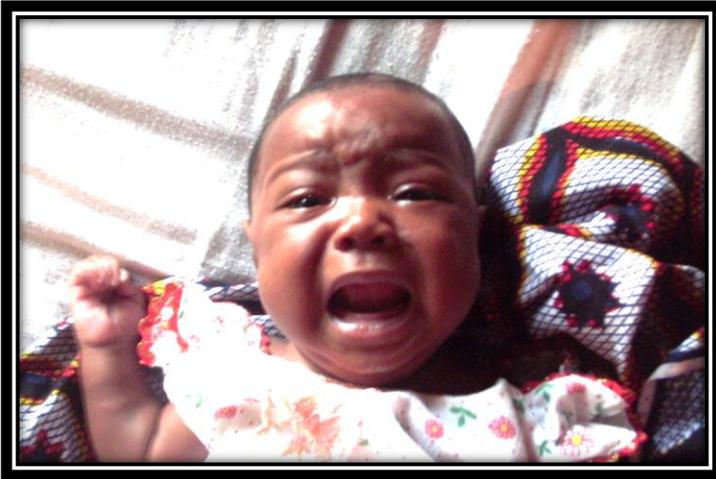

We invite you to “move” ahead with Life Link. If you are not currently a supporter, we encourage you to begin today. Your gift to Life Link will save a child’s life. You are truly rescuing children! The children know you are helping them and are praying for you.

On behalf of the children of Africa and the Philippines who are counting on you, thank you for sharing in this ministry.

Connie Alessi - President

The new post box is: Life Link, PO Box 1691, Owasso, OK 74055. This is the address on the return envelopes. If you sent an old envelope recently, don't worry. They will be forwarded for 6 months.

Our personal address is now: Connie and David Alessi, 8901 N 124th East Ave, Owasso, OK 74055.

Baby Ruth from Canaan Center Orphanage doesn't like having her picture taken!

Esther, workers and the kids of Refuge House!

Life Link is a Christian non-profit international human service corporation committed to improving the quality of life for children everywhere. All donations are tax deductible.
