

Rescuing Lives Today – Making a Difference Tomorrow

NEW YEAR, NEW LIFE

Canaan Center, a Life Link orphanage in Abidjan, Ivory Coast, West Africa, started the new year off with 2 new residents! Precious two week old twins!! A girl, Jeanne and a boy, Jean.

Their mother died in childbirth and their blind father was unable to care for them. A friend in the village knew about Madame Zonde. She encouraged the father to bring the babies to Canaan Center. She helped him travel the 360 miles to Abidjan to ensure that his children would have a chance to grow up strong and healthy. The babies, although a little malnourished when we received them, are now thriving!

What a joy to know that these babies will grow up loved and educated. They will learn that Jesus loves them and will have many brothers and sisters to play with. If they get sick, someone will be there to hold their little hands. Someone will be there to kiss boo-boos and find socks. Homework, playtime, chores will be overseen by loving house mothers. They will have a bed and food and never know the hunger and fear that children abandoned in the streets have known.

How does this miracle happen? How is it that there is a home for them, people to love them and care for them? ***You! You are their miracle!*** Your donations to Life Link allow us to rent homes, buy food and medicine and pay for education. Then there is also clothing and the other myriad of necessities that go into raising children. ***You see at Life Link, we are not there just for today, but for the 18 plus years that it takes to raise a child and see that it becomes a***

responsible, Christ centered adult. Your donations make their lives possible. Keep up the good work! Jeanne and Jean thank you for it!

On behalf of the Life Link, I want to express our gratitude for all you do and for your love for the forgotten children of the world.

Thanks and God bless you,

Connie Alessi

Life Link, President

Christmas 2018 In Africa!

Life Link is a non-profit international human service corporation committed to improving the quality of life for children everywhere. All donations are tax deductible.
